

GSK HEALTHCARE ACCOUNTING ADVISORS

Goldstein Schechter Koch's Healthcare Accounting Advisors Group has a local presence with a national reach and high executive team involvement in every engagement. GSK Healthcare Accounting Advisors prides itself on responsiveness, dedication and innovation to ensure our clients achieve financial stability, growth and overall profitability. Our team is devoted to addressing the needs of various healthcare clients including hospitals, large physician groups, behavioral health, healthcare manufacturing and distribution firms and Medicaid provider networks. Many professional service providers say they have the expertise—very few actually do. Our executive team has over 30 years experience serving the healthcare industry and handles over 1/2 billion dollars in revenues. The GSK healthcare team provides audit, tax, valuation, litigation support, forensic accounting services, wealth management and insurance solutions.

Our unique model includes:

- GSK's team can help you navigate through the ever-changing legislation with The Affordable Care Act and other economic factors affecting healthcare.
- GSK has high executive involvement with a boutique approach to managing healthcare clients
- GSK's experienced healthcare accounting group can alleviate issues and streamline the financial component of your business
- GSK is a local firm with a national reach. Our alliance with Top 5 national firm, BDO Seidman allows us priority access into BDO's technical desk and resources at no additional cost to our clients.
- GSK's team has the technical expertise to address your difficult accounting issues and complex financial instruments.
